July 7, 2009

Dear Sir:

In response to the Office communication dated January 21, 2009, Applicants submitted a response to the Restriction Requirement on June 22, 2009. However, in that response Applicants erroneously included typographical errors in the species election indicated as "a)" and "b)." As such, please replace the species election of the submission of June 22, 2009 with the following:

- a) for the protein or protein fragment of the first fusion protein: a phage coat protein as mentioned in claim 4
- b) for the protein or protein fragment of the second fusion protein: a protein that is encoded by a cDNA derived from the cDNA library as mentioned in claim 3

All of the remaining species election information submitted in the June 22, 2009 submission is correct, as is the selection of group I.

In the event this paper is not considered to be timely filed, the Applicant respectfully petitions for an appropriate extension of time. Any fee for such an extension together with any additional fees that may be due with respect to this paper, may be charged to Counsel's Deposit Account No. 02-2135.

Respectfully submitted,
